SHEQ POLICY

Scip Engineering Group will sustain an effective Safety, Health, Environmental and Quality Management System that will ensure that the service is right first time every time by achieving the following:

- ❖ We recognise our responsibility to protect the safety and health of all our customers and employees, and our commitment to protect the environment from any potential impact our operations may present.
- ❖ We strive for the ability in becoming the leader in our field.
- ❖ We will at all times strive to provide and maintain our high standards through constant dedication and commitment.
- ❖ We will ensure that all employees are committed to the Safety, Health, Environmental and Quality Requirements as well as the Safety, Health, Environmental and Quality Standards of the Organisation.
- ❖ We will by means of proper training; communication and information ensure and promote all safety, health, environment and quality issues to our customers and employees.
- ❖ We will build constructive relationships between our customers and regulatory authorities, to ensure the commitment of our compliance obligations.
- ❖ We commit to the continual improvement of the Safety, Health, Environmental and Quality Management System to enhance the Safety, Health, Environmental and Quality Performance.
- ❖ We will encourage all employees to identify potential risk areas and conditions, in order to minimise injuries, illnesses, pollution and losses.
- ❖ Objectives will be reviewed, and new targets set, to ensure high Safety, Health, Environmental and Quality Standards in the Organisation.
- ❖ We will ensure that all applicable system documents are communicated throughout the Organisation and is readily available to interested parties.
- ❖ We will ensure that the policy and system documents are reviewed periodically and that it remains relevant and appropriate to the Organisation.
- ❖ All personnel will make safety, health, environmental and quality a way of life.
